TO OUST THE MURPHY MAYOR.

EX-MAYOR WHELAN WILL CONTEST MOL-LOY'S ELECTION.

THE SENATE CITIES COMMITTEE WILL GIVE A HEARING ON THESDAY ON THE TROY POLICE BILL-A BODY GUARD FOR

A WITNESS AGAINST SHEA. Troy, April 1 (Special).-Francis J. Molloy, the Murphy Mayor of this city, whose certificate of election is stained with the blood of Robert Ross, the young Scotchman who was brutally murdered "Bat" Shea while he was attempting to prevent filegal voting on last Election Day, may not enjoy after all the fruits of that ill-gotten victory. Under the provisions of the Election law, any one who has been injured through a fraudulent election can

it is not expected this time that any upstart private secretary of the Governor will threaten the members of the committee with indictment because they desire to avail themselves of the constitutional right this week it will be to make an appeal in an entirely different direction. This time the committee will appear before the Cities Committee of the Republican Senate, and it will expect and will receive a cordial welcome. The cause of the visit is the desire of all the best citizens of this Murphy-ridden community to have the Legislature pass a bill which now is pending and which is expected to aid materially in taking away from the unscrupulous political boss who controls it the power of the police in politics. Troy is practically in the same condition as New-York City in regard to the manner in which the police force is used on Election Day, the only difference being that most of the New-York City police are under the absolute domination of Tam-many Hail, while in Troy they owe allegiance to and

or one of his subordinates. Bills to take the Troy police force out of politics have been introduced in both branches of the Legislature and it is probable that one of these bills will get to the Governor some time this week. The measure for the relief of Troy will be taken up by the Cities committee of the Senate on Tuesday night, when before the committee. The Senate Committee consists of Senators Parsons, of Rochester; Reynolds, of Brooklyn; Lamy, of Buffulo; Stapleton, of Morrisville; Robertson, of Peekskill, Republicans; Ahearn and O'Donnell, of New-York, Lemocrats. The bill is so drawn as to compet the Mayor to appoint the men who are selected by the people's representatives in the Board of Aldermen. Under its provisions the Republican members of the board are to select two men, and the Democratic members two men. The names thus selected are to be certified to the Mayor as the choice, respectively, of the two parties, and he is compelled to appoint the four men thus named. The same bill is also in the hands of the Assembly Committee on Cities, which will hold a meeting on Tuesday afternoon. It was introduced in the lower House by Assemblyman Chambers, of Rensselaer County.

If the bill is reported to the Assembly on Wednesday morning, there is no reason why it should not be passed on the following day. A notice to suspend the rules of the Assembly can be given on Wednesday, which will permit the taking up and passing of the bill out of its order on the following day. It is understood here that Hamilton Fish, of Peutam County, will take charge of the bill on the foor of the Assembly, and that Speaker Malby and Mr. Alneworth are both heartly in sympathy with its provisions. hearing will be given to all who wish to appear efore the committee. DELEGATES.

The contention between the Board of Walking Delegates of the Building Trades and several of the local unions whose delegates have been suspended from that organization for refusing to strike when ordered to do so by the board, remains unsettled. A conference between committees from the Board of Walking Delegates and the rebellious unions was to be held at No. 139 East Fifty-ninth-st. at 2 p. m. yesterday to agree upon a basis of settlement. At that hour a committee of the board appeared at the appointed place, and found the District Council of the United Brotherhood of Carpenters and Joiners

appointed place, and found the District Council of the United Brotherhood of Carpenters and Joiners in executive session. The committee was told to return at 4 o'clock, but they did not do so, as they were offended at the long-windedness of the carpenters. At 6 o'clock delegates from other unions with which the carpenters are in sympathy joined them, and it was 7 o'clock before the doors were opened. Then much time was expended in formulating a statement of their position.

During the executive session the proposition of the Board of Walking Delegates for the suspended unions to recede from their position was declared to be too arbitrary, and it was rejected, and the carpenters determined to remain neutral in the controversy between the board and the steamfitters and elevator constructors, and to continue to refuse to strike against them. They decided to attend a meeting of the board to be held this morning and present to it the proposition of the peace-seeking plasterers that the carpenters withdraw from all obs now on strike on condition that the board rescind the suspension of delegates. They also decided to propose arbitration by some one man who is not a walking delegate.

The proposition for arbitration is favorably regarded. The absurdity of a thousand or more men being either on strike or locked out after having been till recently so long unemployed is generally recognized, and it is believed that if President Edward B. Harper, of the Mutual Reserve Fund Life Association, or some other capable and disinterested man could be agreed upon as an arbitrator the result would not only be beneficial to the labor unions, but permit work to be resumed at once, the men thereby being re-employed, and the large buildings on which they were at work completed without further delay.

REPUBLICANS MEET TO-NIGHT

THE NEW COUNTY COMMITTEE TO BE ORGANIZED.

SOME OF THE MEN WHO ARE TALKED ABOUT

The Executive Committee of the Republican Organization of the City and County of New-York met at the headquarters. No. 1,122 Broadway, last even-ing for the purpose of arranging the details of the first meeting of the newly elected Republican County Committee, which convenes for organization Common Council asking the Legislature to grant | Cooper Union this evening. Every Assembly dis-

The committee will elect to-night a president, four vice-presidents, a recording, a reading and a corresponding secretary and a clerk.

Among the names discussed for president last evening were those of General Kerwin, Mr. Milholand, Mr. Grasse and Mr. Southworth. For vice-presidents, H. B. Wilson, Dr. Hamilton Williams, General A. H. La Grange, H. C. Piercy, Moses G. Byers, Joseph Wilkinson and Dr. Seaman were talked of. It was said that M. P. B. Voullaire, Mr. Wisse, ex-Alderman McMurray or William A. Mapes, jr., might be named for secretaries.

Entire harmony prevailed during the session, and it was predicted that this first meeting of the County Committee this evening would prove one of the largest, most successful and most effective gatherings ever held in Cooper Union

REPUBLICANS WIN IN LITTLE FALLS. The town election held in Little Falls on Wednesday last was a complete victory for the Republicans, and the result brought another Democratic stronghold into the Republican ranks. Charles King, a hold into the Republican ranks. Charles King, a prominent woollen manufacturer, was elected president of the village, defeating Samuel H. Newberry by a majority of 63 votes. The only Democrat elected was Frank Golden, the candidate for collector. Captain John Taylor was elected treasurer. The election of the Republican candidates means that the subject of a city charter for the village will be brought to the front again and that good government will take the place of Democratic misrole.

OFFICERS ELECTED IN THE HD DISTRICT. The Assembly Committee of the Anti-Machine Republicans of the Hd Assembly District held a meeting for organization at No. 466 Pearl-st. on Friday evening. There was an attendance of between seventy-five and eighty members. Permanent offi-cers were elected as follows: John T. Sullivan,

Cantor and ex-Speaker William Sulzer, the Democratic leaders of the Senate and Assembly; Under Sheriff William H. McDomough and John J. Gilroy, the Mayor's son. Lieutenant-Governor Sheehan declined positively to say anything for publication last evening. He would express no opinions about the fate of the bi-partisan Pollee bill or any other measures pending in Albany. Neither would he talk about the possible effects of expected legislation. The sentiment reflected in reported talks between Mr. Sheehan and his callers yesterday was that the enactment of the bi-partisan Pollee measure would not result in the displacement of either Commissioner Martin or Commissioner Sheehan, as they would be the two Democrats appointed by the Mayor. Commissioner James J. Martin; Senator Jacob A.

JERSEY CITY REPUBLICANS CONFER.

A conference of Republicans was held at the Union League Club in Jersey City last night to consider proposed laws affecting Jersey City. Assemblymen McEwan, Salinger and Harding said they did not believe the bill providing for the election of a new Board of Freeholders of twenty-five members the best that could be devised, but there was no time for another bill, and they would accept this one. They believed the bill to substitute two police courts in place of three will become a law. They favor it, and also the reorganization of the district courts. Among those present were Postmaster Samuel D. Dickinson, Chairman Edward Woolley, of the County Committee; ex-Judge W. P. Douglass, John R. Wiggins, John Reid, of Hoboken, and Alderman Dusenberry.

THE BI-PARTISAN POLICE BILL.

Prominent Republicans in the city yesterday were Speaker Malby, Senators Stapleton, Pound and Hig-gins, and Chairman Charles W. Hackett, of the Republican State Executive Committee, Speaker Malby, in conversation, said that he entertained no doubts of the passage of the bi-partisan Police Department bill, when it came up, and he expected to see it go to the Governor this week. The Republican Senators in town expressed similar opinions, as did also Chairman Hackett. Nobody was ready to predict what disposition Governor Flower would make of the bill. There was an impression prevailing, however, that the Governor would approve it, or, at least, that he would veto it, and that it would become a law.

CRIPPLED BY THE WILSON BILL.

Pall River, Mass., April 1.-It is not expected morrow, as notice was given Saturday to a portion of the help that for an indefinite period their services would not again be required. The post-tion of the King Philip Company is different from that of any other of the forty corporations here. There are but three or four mills in the country making as fine grade of products, and it is one of the few mills in this section whose goods are made to compete with those of foreign countries in the New-York market. The discrimination against fine fabrics in the Wilson bill caused a continuation of the dull, uncertain market for its products. It went on manufacturing them, however, storing them in its warehouse, until it is said to have now at least three-quarters of a million dollars' worth Its managers began alternately shutting down its different mills, until its two best mills were wholly closed for an indefinite period. Think-ing that the operatives might consent to work for Ing that the operatives might consent to work for smaller wages until the times grew better, Agent Chace called a delegation of them together and went over the situation, saying, in conclusion, that he had confidence enough in the future to continue manufacturing for storage, provided he could do so at less cost.

He understood that a majority of the operatives consulted were willing to work under a reduced scale for a little while, but when they went to their union for permission to do so, that body gave orders for them to stop work rather than submit to a reduction. Last week Mr. Chace again renewed his proposition to reduce wages. To-morrow night the Spinners' Executive Committee expected to act on this proposition.

THE MINERS' STRIKE WILL NOT BE GENERAL. Phillipsberg, Penn., April 1.-Contrary to expectation, the miners and drivers in the Beech Creek reglon at their mass-meeting in this place this af-ternoon declined to indorse the proposed suspension of work of the Clearfield region miners, and adopted a resolution to go to work to-morrow morning at the reduction and continue at work until ordered on strike by the officers of the national

Scottdale, Penn., April 1.-The mass-meetings held Scottdale, Penn., April I.—The mass-meetings held by the miners at Leosenring, Hutchinson and Calumet to-day were largely attended. The action of the Scottdale convention in demanding an increase in wages and declaring in favor of a strike if the demands were refused was approved by the meeting at Hutchinson. The meeting at Leosenring decided to await the action of the convention to be held here to-morrow. The indications are that some of the miners will stop work to-morrow morning, but the strike will not be general. The Cambria Iron Company's miners took their tools out last night. The company's two mines, with 500 coke ovens, will be idle to-morrow.

GRAND ARMY BUGLE NOTES.

MAKING READY FOR MEMORIAL DAY.

PREPARATIONS BY VARIOUS POSTS AND COM-MITTEES-WHAT WELL-KNOWN COMRADES ARE DOING.

The action of Mayor Charles A. Schieren, of Brooklyn, and Supervisor-at-Large Thomas Fitchie, of Kings County, in refusing to hoist foreign flags upon the city and county buildings, has received the unanimous approval of Abraham Lincoln War Veterans, No. i. In resolutions adopted at their last meeting the War Veterans resolved that the Mayor and Supervisor-at-Large had shown the true Ameri can spirit. They also declared that the highest honor that could be conferred on any marching organization in the cities of the United States is that of raising the flags of the country, and none other should be displayed except, perhaps, for official visitors from other nations.

QUARTERS MADE SUITABLE.

Commissioner Daly, of the Department of Public Works, is entitled to the thanks of Grand Army men for the promptness with which he responded to the request of the new Memorial Committee for the renovation and refurnishing of Room No. 4, in the City Hall, the headquarters of the Committee on Employment and Relief and the downtown office of the Memorial Committee.
